

"I always knew I wanted to go to college, but in my senior year of high school, both my parents got sick."

Eryieal Peoples
Early Childhood Education • Rock Hill, SC

"My career aspiration is to be an elementary school teacher. I chose this path because I want to improve the quality of education for our future leaders. To attend college is a blessing in itself, but to go to college with a portion of it paid for is a breath of relief. I hope you know that each recipient is thankful for your generosity." -- Eryieal Peoples, Scholarship Recipient
